

BOOPATHI R B.E (CSE)

OBJECTIVE

I am a Frontend Developer skilled in HTML, CSS, and JavaScript, with expertise in React.js. I am dedicated to continuous learning and adapting to new technologies. My goal is to excel in a dynamic work environment, contribute effectively to the team, and achieve professional growth while securing a competitive compensation package.

PROJECTS

MAGENIXS WEBSITE - FRONTEND

Designed and developed a professional website for Magenixs using HTML, CSS, and JavaScript, showcasing their brand identity and service offerings. The site features a visually appealing and responsive layout with well-organized sections such as About, Services, and Contact. Integrated engaging animations and elements to create an interactive user experience. Focused on delivering a polished, high-performance site that effectively communicates the company's vision and capabilities.

LIRO STUDIOS WEBSITE - FRONTEND

Developed a comprehensive static website for Liro Studios using React.js, showcasing the company's profile, services, and offerings. The site features an interactive and responsive design with sections including About Us, Services, and Contact. Focused on modern UI/UX principles and smooth navigation to enhance user experience. Optimized the site for fast loading and cross-device compatibility, providing a polished and professional online presence for the company.

EXPERIENCE

01/06/2024 - 30/09/2024

FRONTEND DEVELOPER - MAGENIXS

Completed a 3-month internship, helping design, develop, and launch web and software applications. Worked on front-end projects using HTML, CSS, JavaScript, and React, improving user experience and interface design. Collaborated with senior developers to fix bugs and improve code efficiency.
